

WORK WITH US

¿What is Ecogroceries? It is a commercial platform for private label products native to Latin and North America, the place where you want to promote your products to increase your production capacity, and the answer to your growth strategy.

If this is what you are looking for, we can tell you what you need to begin working with us:

1. Sell products native to the country of origin
2. To be a legitimate and legal company
3. To have as part of your strategy diversification of your products
4. To have or acquire the HACCP certification
5. To have natural products for mass consumption in your portfolio
6. Financial capacity to produce and refund the cost no later than 30 days (Supermarkets)

If you meet all these requirements, we can begin to work together

1. You can send us the data sheets of your products
2. We will share information about your products to promote them in Europe and with our social networks (Google Drive)
3. You will produce your own private brands for European supermarkets
4. If your objectives include exponential growth in your production
5. You will have to send samples of your product (minimum of 24 units) in a primary packaged model
6. You must have competitive cost pricing and scalable production, with a large quantity range
7. The packages and brands will be promoted using the supermarket's brand
8. Ecogroceries, as a representative of your company, will provide marketing services, sales, post sales, logistics, billing, and collections. For these services we will receive the difference between the base price (previously agreed upon) and the final market price charged.
